

Curriculum Vitae of Antonia von Stauffenberg

Max Planck Institute for Astronomy
Königstuhl 17
69117 Heidelberg, Germany
a-stauffenberg@mpia.de

EDUCATION

Max Planck Institute for Astronomy / University of Heidelberg, Heidelberg, Germany

PhD Student under Dr. Paul Mollière

Dates: July 2024 - Present

University College Dublin, Dublin, Ireland

BSc (Hons) in Physics with Astronomy and Space Science (First Class Honours)

Dates: 2020 - 2024

EXPERIENCE

Landessternwarte Heidelberg, Heidelberg, Germany

Research Intern and Collaborator with Dr. Trifon Trifonov

Dates: June - September 2023

PUBLICATIONS

von Stauffenberg, A., Sauter, J., Mollière, P., et al (2026). An ISM like 12CO/13CO ratio in β Pictoris b. Reassessing 13CO as a tracer of giant-planet formation. (*In prep*)

Sauter, J., **von Stauffenberg, A.**, Bourdarot, G., et al (2026). SIMTEFERE: an optical interferometry simulator for quantifying the coherent flux stability of VLT/GRAVITY+. Reaching per mill stability - application to exoplanet spectroscopy. *Astronomy & Astrophysics* (*accepted*)

von Stauffenberg, A., Trifonov, T., Quirrenbach, A., Reffert, S. et al (2024). The CARMENES search for exoplanets around M dwarfs-Revisiting the GJ 581 multi-planetary system with new Doppler measurements from CARMENES, HARPS, and HIRES. *Astronomy & Astrophysics*, 688, A112. arXiv

CONFERENCES & TALKS

ETH Planetary Science Seminar (2025): Clouds, Chemistry and Weather - Probing the Atmospheres of Hot Giant Exoplanets

OWL Summer Programme (2025): Probing the Atmosphere of β Pictoris b & Toward a flexible Cloud Parametrisation - Bridging the Gap to Microphysical models

EAS (2025): Poster: Examining Cloud Particle Size Distributions and their effects on exoplanet spectra

Astrophysics Seminar, TCD (2025): Clouds, Chemistry & Weather - Probing the Atmospheres of Hot Giant Exoplanets

ExoCoffee, MPIA (2025): Revisiting the GJ 581 multi-planetary system

Two HoRSEs - High Resolution Exoplanet and Stellar Characterization Today and in the ELT Era (2024): LOC, Poster: Revisiting the GJ 581 multi-planetary system

CARMENES Conference (2023)

OUTREACH & ENGAGEMENT

- Münster Planetarium (May 2025): Unbekannte Welten - Die Erforschung von Exoplaneten und ihren Atmosphären
 - Bradfield College Science Week - Science Lecture (March 2025)
 - Womens+ Meetings and Newsletter at MPIA
-
